ABOUT US

At Tidal Tao, we are dilly, silly and plain old passionate about the ocean. The coastline, known as the Dolphin Coast (just north of Durban) between Ballito and Sheffield Beach, offers a surprising underwater wonderland. Our Snorkelling Safaris gives you a perfect chance to experience something you'll never forget. **This really is really as close as you will get to Scuba Diving without Scuba Diving. If you can swim, then we can teach you to snorkel.** Tidal Tao run different snorkelling "options" depending on your interest or level of expertise ...maybe you're looking to just chill & take a break from the noisy side of our planet, or perhaps just want to see some fish or you're the next Jaques Cousteau on the hunt for crazy critters and the adventure of a lifetime, it really does not matter, we love it all and have something that will suit you just dandy. No excuses now, come
